Presumptions

- What users do not have to worry about based on (Garner and Alley, 2013)
    - Font types and sizes are determined (most conferences provide them).
    - Nobody will make terrible designs on purpose.
    - Every necessary information and page is present and correct.
    - Everyone can speak the same languages equally.

- What they have to worry about based on (Sharp et al,. 2007)
    - Background Colour Issues
    - Font Colour Issues
    - Grammatical Issues
    - Layout Issues
